Seniors Hear Coe And Get Diplomas On Monday Evening

As guardians to posterity the 38 graduates from Pahokee High School, Class of 1950 were urged by Charles Francis Coe, editor of the Palm Beach Post-Times, to accept their diplomas not as a right to position but rather as a challenge to the future at the commencement exercises held in the high school auditorium Monday night.

Introduced by Principal Clyde A. Canipe, the speaker said we are proud of the accomplishments of our youth but remind the graduates that education is merely a medium through which innate intelligence may be developed into wisdom. With wisdom comes faith. Faith is a universal language understood by all peoples and it is only through a partnership with God that one can attain the spiritual power necessary for great achievements, he said.

The salutatory address was delivered by Betty Jean Hicks and the valedictory, by Payne Jackson. Both, as honor students, were presented with the school's highest scholastic awards.

Rev. R. L. Latimer, rector of St. Paul's, presided.

It Is Officially Bryant, Not Azucar

Nearly five years after death of F. Edward Bryant, often termed "father of the Everglades sugarcane industry," official recognition has been given to tribute paid him by the renaming of Azucar as Bryant.

The US Board on geographical names at Washington today announced approval of a number of names in Southern States as forms to be used in Government maps and documents.

Bryant was included on the list. Shortly after Mr. Bryant's death in December 1945, the US Sugar Corp. announced the little community known as Azucar, administered by Mr. Bryant for company employees, would be known as Bryant. In May 1947 a memorial tablet was unveiled there in his honor. Also on the list was Deerfield Beach, formerly known as Deerfield.

The amendment to the Constitution of the United States extending the voting privilege to women became a law in August, 1920.

Christian Science Society

CHURCH OF CHRIST, SCIENTIST

"GOD THE PRESERVER OF MAN" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, June 11.

The Golden Text is: "Withhold not thou thy tender mercies from me, O Lord: let thy loving kindness and thy truth continually preserve me" (Ps. 40:11).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "By faith Abraham, when he was called to go out into a place which he should after receive for an inheritance, obeyed; and he went out, not knowing whither he went... For he looked for a city which hath foundations, whose builder and maker is God" (Heb. 11:8, 10).

The Lesson-Sermon also includes the following passage from the Christian Science textbook "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The history of Christianity furnishes sublime proofs of the supporting influence and protecting power bestowed on man by his heavenly Father, omnipotent Mind, who gives man faith and understanding whereby to defend himself, not only from temptation, but from bodily suffering" (387:27).

Rev. Latimer Attends Clergy Conference

Earlier in the week, on June 5, Father Latimer was guest speaker at a dinner meeting of the Canal Point Lions Club, giving an informal talk on Japan, where he spent more than a year just prior to the war.

The same evening Father Latimer pronounced the Invocation and Benediction for the graduation exercises at Pahokee High School.

RECENT OPERATIONS

By Paul Rardin

The State Highway Patrol is building an office in Pahokee just across the street from the Johnny Thomas residence. Construction work started this week and Don Hillier and Sons, Inc., is the contracting firm. From the highway it looks like the building is at least going to be big enough to get the radio transmitter in—that is if it doesn't take more than two chairs in the same room. I understood from Director H. N. Kirkman several months ago that plans called for erecting an office comparable to the one outside Tallahassee. The one going up in Pahokee lacks a lot of being anywhere near as large as the one outside of Tallahassee.

Pat Carroll, former filling station operator in Canal Point, who has been confined to the Pahokee hospital for several months is on the mend. Pat has a host of friends who will be glad to know that he is a great deal better. He is able to be up and around in a wheel chair.

George Belk is back at Lake Shore Motors with A. J. Gamot in the Dodge and Plymouth business in Pahokee. He went back the first of the month. George Belk, Jr., is operating the Belk Grocery in the post office building while the elder Belk lets a few folks have a Dodge or Plymouth now and then.

Maybe it is the intermittent showers. Maybe it just because folks don't have anything else to do in the summertime, but a lot of yards are undergoing seasonal overhaul in Pahokee. Muck is being hauled in, grass is being set. This week it looks like the grass on many lawns was set at the proper time, what with the fine showers coming almost every afternoon.

T. W. Jenkins, who has been seriously ill at the Pahokee Hospital for six or more weeks, is still holding his own. He has been in serious condition but nurses say that he has an unusually strong constitution and at times rallies to the point where he recognizes his visitors.

B. Elliott To Return Home This Week End

State Rep. B. Elliott will return to his home in Pahokee this week from Duke University Hospital in Durham, N. C., where he has been undergoing treatment and also submitted to an operation which proved highly successful. Thomas Elliott, brother of the lawmaker, returned the first of the week from Durham and said that B. is "getting along fine."

County Asks Bids—

(continued from page 1)

PAHOKEE: Muck City road from State Market Road out beyond Streamline to bridge over first drainage canal, a distance of half mile.

County road forces are busy this week getting a half mile stretch of Muck City road ready for retreading. County convicts are being used to clear the road shoulders on the piece of road. Local rock has been put on the entire stretch of Muck City road from the State Market Road all the way out to Muck City. However, in the present program only a half mile will be retreaded, Rardin said.

Instruction School Will Be Held Tonight

Mrs. Virginia Adams, grand instructor for District 18, Order of Eastern Star, announces an OES school of instruction will be conducted in the chapter room in Pahokee this Friday, June 9, at 8 p. m. District 18 includes OES chapters of Pahokee, Belle Glade, Clewiston and Moore Haven.

Sunday School Classes Spend Day At Beach

Members of the Canal Point Methodist Church Sunday School had a big time at Lake Worth casino and beach on Wednesday of this week, when they were taken on their annual picnic by a group of church workers. The children left bright and early in two trucks and a car.

Looking out for the youngsters were: D. L. Hooks, Mrs. James Miller, John Harrington, Mrs. Elmer Maxson, Mrs. Pratt Pope, Mrs. Monroe Pope and Mrs. Pope Sears.

Farm Directors Will Meet Thursday

Robert Simonson, president of the Everglades Farm Bureau, said yesterday that a directors meeting will be held Thursday night, June 15 at 8 o'clock in the agricultural room of the high school in Pahokee. Mr. Simonson urges all interested parties to be in attendance.

It is thought the late R. T. Porter of Salt Lake City was the first to use the expression, "Printing is the inseparable companion of achievement."
